EPR Waste Stream Classification & Credit Generation

Extended Producer Responsibility (EPR) Waste Management Framework | Generated: November 26, 2025

S.No	Generator Type / Project Activity	EPR Waste Stream(s)	Credit Generation Outcome / Mechanism
1	Mechanical Plastic Recyclers (Category I)	Rigid Plastic Packaging	Recycling Certificates (Cat I) based on verified weight of processed rigid plastic
2	Mechanical Plastic Recyclers (Category II)	Flexible Plastic Packaging (Single/Multilayer)	Recycling Certificates (Cat II) for flexible packaging
3	Mechanical Plastic Recyclers (Category III)	Multilayered Plastic Packaging (MLP)	Recycling Certificates (Cat III) for multilayer packaging
4	Authorized E-Waste Recyclers	Electronic and Electrical Equipment (EEE) Waste	EPR Compliance for E-waste (material recovery records)
5	E-Waste Refurbishers/Dismantlers	Electronic and Electrical Equipment (EEE) Waste	Component dismantling and refurbishment credits
6	Specialized PCB Recyclers	E-Waste (Printed Circuit Boards)	Recovery of critical minerals and precious metals from PCBs
7	Authorized Battery Recyclers	All Battery Types (Automotive, EV, Industrial, Porta	Battery recycling compliance certificates under Battery Waste Management Rules, 2022
8	Specialized Li-ion Battery Recyclers	Electric Vehicle (EV) and Portable Batteries (Li-ion)	High-efficiency Li-ion battery recycling certificates (EV battery stream)
9	Authorized Battery Refurbishers	Used Batteries	Battery refurbishment credits counting towards EPR obligations
10	Waste-to-Energy (WTE) Plants	Plastic Waste (End-of-Life)	End-of-Life (EoL) Certificates via energy recovery (incineration/boilers)
11	Cement Co-processing Units	Plastic Waste (End-of-Life)	End-of-Life (EoL) Certificates via co-processing in cement kilns
12	Waste-to-Oil Plants (Pyrolysis)	Plastic Waste (End-of-Life)	End-of-Life (EoL) Certificates via pyrolysis / waste-to-oil processing
13	Industrial Composting Units	Compostable Plastic Packaging (Category IV)	EoL Certificates for compostable plastics (industrial composting)
14	Plastic Waste Processors (PWPs) for Road Construc	Plastic Waste (End-of-Life) used in road constructio	EoL Certificates for road construction use of plastic waste
15	Authorized Waste Tyre Processors	Waste Tyre	Waste tyre compliance certificates (recycling/disposal records)
16	Authorized Used Oil Recyclers	Used Oil	Used oil recycling compliance certificates (re-refining/processing records)
17	Producers/Brand Owners (UReP)	Recycled Plastic Content (UReP)	UReP Certificates for use of recycled plastic content in new products
18	Brand Owners (Reuse)	Rigid Plastic Packaging (Reuse)	Reuse Certificates for tracked reuse of rigid packaging
19	Digital EPR Aggregators/Consultancies	All Waste Streams (digital aggregation)	Digital traceability & verification certificates facilitating transfers to PIBOs
20	Recyclers for Non-Ferrous Metals	Industrial / E-waste / Other Hazardous Waste (non-	Material recovery compliance certificates for non-ferrous metals recovery
